NO NEW RECEIVING EXCEPT WHERE NEEDED

Lexington, Ky., June 22—That the money required for the establishment of new warehouses for the Burley Tobacco Growers' Co-operative Association comes from the pockets of the farmers themselves and that none will be established where not absolutely needed for the interests of the general association were declarations in a statement made by Director of Warehouses Ralph M. Barker in discussing the probability of adding to the Association's holdings by the acquisition of new receiving plants. "Tobacco growers, in asking for the establishment of new receiving plants," said Director Barker, "should bear in mind that it is the money of these growers that pays for these houses and that the cost will come out of the farmers' tobacco. We desire to have a receiving plant at every point where it is necessary, but our members will not uphold us in any policy of establishing plants on any other basis than that."

"The members of the Association want us to proceed with as little cost as possible in the handling of their crops, they want necessary receiving plants and will approve them where such plants are required for the general good, but judging from what a number already have said to me, they will not approve any general plan for the establishment of warehouses just because there are none in the counties which may want them, even though these counties may grow considerable tobacco."

"The Burley Association owns now a large number of plants, in some places more than it needs, in others it has none, and in some of these places it ought to have at least one. Where such plants may be necessary for properly expediting the business of the Association they will be established, but not a plant will be established which the Association can get along without. Growers have already indicated that this sentiment exists practically unanimously among them, and it is the intention of this office to respect that sentiment, for the farmers will have to pay, after all, every dollar of the cost of such plants as are established."

COMBS NOT YET IN AVERAGES, BUT SOON

(By Associated Press)

Chicago, June 24—Harry Heilman, the great slugger of Detroit whose batting in the last two weeks had been a big factor in the winning streak of the Tigers, promises to give George Sisler, the star of the St. Louis Browns, a battle for the batting leadership of the American League.

Heilman, a week ago, was hitting .351, but according to the averages released today, he has shown a gain of 31 points and is right on the heels of Tris Speaker, of Cleveland, who is the runner up to Sisler with an average of .387. Sisler continues to top the list with a mark of .434. The averages include games of Wednesday.

The St. Louis idol is also far in front among the base stealers, having stolen 26. Sisler also increased his lead in runs scored to 58, his total hits to 112 and total base mark to 167.

Kenneth Williams, his team mate, increased his lead among the Kings of Swat, by smashing out three home runs and bringing his string to 18.

Other leading batters for 40 or more games are: O'Neill, Cleveland, .377; Cobb, Detroit, .369; Blue, Detroit, .366; Witt, New York, .365; Ed Miller, Philadelphia, .350; Schang, New York, .350; Bassler, Detroit, .377; McManus, St. Louis, .333.

Practically no changes resulted among the leading betters of the National League, within the last week. Rogers Hornsby, St. Louis premier second sacker, bagged another home run, and brought his total to 15. Besides his home runs, he has cracked out 16 doubles, and three triples. His batting average is .397. B. Griffith, of Brooklyn, continues to be the runner-up with an average of .383, while Hank Gowdy, the Boston catcher, is next with .375. Max Carey, the fleet footed outfielder of the Pirates, broke the triple tie shared a week ago with Hornsby and Young of New York for stolen bases, by pilfering three sacks. He is showing the way with 14 thefts.

Other leading batters for 40 or more games: Bigbee, Pittsburgh, .365; T. Griffith, Brooklyn, .361; Grimes, Chicago, .359; Kelley, New York, .357; J. Johnston, Brooklyn, .353; Danbert, Cincinnati, .347; S. Smith, St. Louis, .339; Bancroft, New York, .338.

As a result of connecting with 13 hits in his last six games, Myatt, of Milwaukee, climbed back into the lead in the race for the batting leadership of the American Association. The averages today show him batting .408, with Brown, of Indianapolis, in second place with .387. Brown was 7th in the list a week ago, but he started on a batting rampage that netted him 16 hits in seven games. The averages include games of Wednesday.

his veteran, is threatening the home run performance of Bunny Brief, of Kansas City, who is leading the race with 14. Russell has crashed 13 homers. Krueger, of Indianapolis, has connected with ten.

In base stealing, Haas, of St. Paul, continues to show his heels to his rivals with a total of 12 thefts.
